## FROM THE MOTHERLAND

GAIA

Patria: The Italian word meaning homeland/birthplace or more so, motherland.

The low seats of Sicily, Moroccan bench chairs, Turkish ottomans, and African Senufo stools inspire the Patria Pillow Chair. This chair features a pillow cushion and backrest with the option of six or ten legs.

Motherland refers to the mother country or place of origin. There was a time when Gaia (land or mother earth) was Pangea meaning whole; with this chair, we blended four cultures of creativity.
